EuroCave Comfort 101 Wine Cellar

Description:

The EuroCave Comfort 101 wine cellar is the perfect first wine cellar to own as you build your wine collection. This 1-temperature wine cabinet re-creates the exact conditions of a natural cellar and guarantees a constant temperature of between 55 and 57F. The quality of your wine is preserved intact and for a long time to come. With a wine bottle storage capacity of up to 101 bottles* you can install the EuroCave Comfort 101 wine cellar in any room and any location because its door is reversible and can easily change to right or left opening. Digital controls let you easily adjust and accurately monitor the temperature inside. Its black finish coordinates with any color scheme and is easy to clean and maintain. An excellent wine cellar choice to fit any decor. Individually handcrafted in a thirty-step process the EuroCave Comfort 101 will provide years of smooth quiet vibration-free service with the utmost ease of operation. Stored in these true wine cellars your finest vintages will develop to their full potential. Also the security lock and key will keep your valuable collection protected. *Capacity is based off using standard 750 mL size bottles using larger Pinot Noir/Rhone size bottles may limit the capacity. If you would like to store larger bottles you can easily adjust the height of any of the shelves.
